Notable Experiences

Co-Founder, Developer • Erant

2022/04 - 2023/07

Sveltekit DevOps CI/CD SysAdmin TS SaaS Custom CMS

In a constant pivot journey, we tried to digitize tourism by helping customers of businesses and citizens of cities orient, explore and experience the world around them with digital experiences. Deployed, tested and iterated on a PWA-based tourist SaaS platform.... [more on web](#)

Co-Founder, Developer • Seedling, s.r.o.

2020/08 - 2021/09

C++ Python IoT PCB design microcontrollers 3D printing

From scratch we made a simple plant-health sensor that is inserted in the ground next to a plant and it tells when it needs water, if it needs more light and different air humidity. Ideal for house plants and gardens. Didn't proceed to scale, price per plant too high, inexperienced team of highschoolers. We learned how to think more lean the hard way... [more on web](#)

Freelance Designer, webmaster
